

## How do I get Mobile Banking on my phone?

The following is a step-by-step guide for downloading Rocket City FCU's Mobile App to your smartphone.

- Before you begin, you must register your device by logging into home banking (Virtual Branch) and clicking [Mobile Money](#) under the [Self Service](#) tab.
- Read an accept the terms and conditions and click [Continue](#).
- Select the types of services you wish to access on your phone (for the purposes of these directions, click [Downloadable Application](#) for our Mobile App) and click [Continue](#).
- Enter your phone number to your mobile device and click [Continue](#).
- You will receive a text message on your phone containing the activation code. Enter the code and click [Activate](#).
- You will then receive a text message on your phone with a link to download the application (TouchBanking by FiServ). Click to download or download manually from your app store.
- You will then receive a text message to activate the application. Click this link to activate and open the app.
- You are done! Sign in for easy access to your finances!

The screenshot shows the 'Accounts' screen of the mobile app. At the top, there are navigation tabs: 'Accounts', 'Transfers', 'Payment', 'Locations', and 'More'. Below the tabs, the title 'Accounts' is centered. A table lists the accounts with their respective balances:

Account	Balance
Personal Savings #2345	\$156,290.01
Checking #7300	\$5,721.62
